## Money of the World: Coins That Made History

**2-DAY CLASS — MONDAY & TUESDAY, JUNE 27-28, 9 A.M. - 4 P.M.**

Based on the highly acclaimed book of the same name, this course teaches how coins were shaped by the development of Western Civilization – and how they helped shape it in turn. The fascinating stories behind the world’s most beautiful coins are explored, as well as many of the coins themselves.

When asked to comment on the class, co-instructor Doug Mudd said, “This class is a priceless opportunity to learn about famous world coins and handle and discuss rare pieces which you would never have a chance to see outside of a book or museum display.”
